WHEN Starting now and going through December!

I'm a Child Life Specialist in a pediatric hospital, supporting patients with cancer. The Kart is always stocked with the latest toys and there is always a wide variety of items to meet the needs of patients of all ages. Sometimes it can be hard to find items to help promote normalcy and distraction for older patients, but we always get great stuff from Go4thegoal! The Kart is offered to patients once a week and so many patients look forward to "Kart day!"
